

## Rolls Royce - Silver Spirit

The Rolls Royce is one of the most popular cars at any wedding: unsurprising given the car costs more than the average house and radiates sheer style and elegance for any Bride and Groom. The car offers a wonderful experience in full leather interior and sheepskin rugs, and seats up to 3 passengers in total luxury. The car comes complete with ribbons, flowers and of course the uniformed chauffeur. Champagne is available in one or more cars as an option. Please request at time of booking.

We can also help arrange pipers, photographers & videographers. Please advise us if you wish any of these additional services.

## Beauford 2.4 Convertible

The Beauford offers vintage style for the special couple with the added benefit of open top motoring (weather permitting). This is a very popular choice with our clients due to the uniqueness of the car and the flexibility it offers. The car will accommodate 2 passengers as standard, although more can be accommodated by prior arrangement. The car has been arranged so that even the fullest style of wedding dress can be accommodated.

If you, or any of your party, have any special needs, we will try our best to accommodate them. Please let us know as soon as possible so we can plan for all eventualities.
